The Louisiana Bill.

The following is the bill proposed by the Committee on the New Orleans Riot, and which passed the House, on Tuesday last, by over a two-thirds vote.

Be it enacted, That the President shall nominate and the Senate confirm a Governor for Louisiana, who will hold one year unless sooner removed by the President with the consent of the Senate, or unless sooner relieved by his successor, elected under the provisions of this act. The Governor to be a citizen of Louisiana, and must at all times have borne true and faithful allegiance to the United States. He shall take the oath of July 3d, 1862, and in addition that he has done no act which would work a disqualification under the provisions of this act.

Second. The President shall nominate and the Senate confirm a provisional council of nine persons, qualified like the Governor, and taking the same oath, to continue in office, unless sooner removed by the President, the Senate consenting, until a Legislature is duly elected under the provisions of this bill. The council, with the Governor, to be invested with Legislative powers. In no case shall such Governor or council enter office unless confirmed by the Senate. The council to remain in perpetual session, with power to adjourn, not longer than 30 days, a majority to constitute a quorum.

Third, It shall be the duty of the Governor to see to the execution of the Federal and State laws. He shall nominate, and, with the consent of the council, commission officers now existing or hereafter to be created, to hold, unless removed by the Governor, the council consenting, until their successors are elected and qualified as herein provided. All such officers and members of the Convention herein provided, must be able to take the oath prescribed.

Fourth, The electors qualified by this act, unless Congress orders otherwise, on the first Tuesday in June, 1867, shall elect a Governor, Lieutenant-Governor, a Senate and House of Representatives, and other officers herein provided, the Senators and Representatives to be the same number, from the same districts as now. All officers to hold a year or until their successors are duly qualified, unless sooner relieved as herein provided. The powers, duties, fees and compensation as now, unless inconsistent with this act.

Fifth, The following and none others shall vote: All male citizens of the United States, who are 25 years old, regardless of race or color, who have been one year in the State, and have never borne arms against the country since they have been citizens thereof, and can truly take the oath of July 2nd, 1862. *Provided*, that any other person, otherwise qualified as an elector, who never voluntarily gave aid and comfort to a rebellion nor government inimical to the United States in any other manner, capacity or rank than as a private soldier, in open and civil warfare, may be admitted to the rights of electors by order of Federal Courts of Record, by establishing the facts on testimony of those who have always been loyal and establishing, as aforesaid, that after the 4th of March, 1864, he never gave voluntary aid or comfort to a rebellion or government inimical to the United States. Upon establishing the above facts and subscribing an oath that these things are true, which brings him within the proviso, and that he will bear true allegiance to the government of the United States and the perpetual union of the States thereunder, he shall receive a certificate entitling him to electoral rights.

Sixth, The Secretary of War is authorized to make and publish rules for the just and true registration of electors prior to any election herein ordered, the time for holding elections not ordered in this act, the place and manner of conducting elections, the appointment and confirmation of officers of elections, and every other thing necessary to holding free elections. But all persons so appointed shall be electors under the provisions of this act, and shall take the oath of July 2nd, and to faithfully discharge their duties.

Seventh. On the 3d Tuesday in October, unless otherwise ordered by Congress, persons qualified shall vote for members of Convention to adopt a Constitution and for framing a government for the State of Louisiana on qualifications of 23 years old and all others required in the case of Governor under this act. The number of delegates and districts to be the same as now for the House, and none to be entitled to seats unless they take the oath of July 2d, 1862. The Constitution shall not permit distinction on account of color or race, shall recognize the power and duty of the government to enforce the perpetual unity of the States, shall provide that no debt contracted in support of the rebellion shall be assumed or paid, that no pension, compensation, gift or gratuity shall be bestowed or paid by the State to any person by reason of anything done or suffered in support of the rebellion. The Constitution to be submitted to the electors qualified by this act, and the election to be held under the rules prescribed by the Secretary of War; if approved by a majority, to be submitted to Congress.

Eighth. It shall be the duty of the President to designate forthwith an officer of the army not under a Brigadier General to be stationed in Louisiana, and to be military commander within the State. It shall be the further duty of the President to place under the command of such General a requisite force to execute the duty prescribed, whenever the civil authorities refuse, neglect or omit the speedy enforcement of the laws for the punishment or prevention of crime against the rights of any person whatsoever. The General shall arrest and hold such offender until the civil authorities shall prosecute. The General shall assist the civil authorities in enforcing the laws, regulate elections, and insure the enforcement of laws without regard to race or color.

Ninth. The laws of the Council or the provisional legislature, shall be certified to by the Secretary of the Senate, for congressional approval. Should Congress disapprove of them, the fact shall be certified to the Chief Justice of Louisiana, and such disapproved laws shall be void after date of their receipt by the Chief Justice.

Tenth. Until admitted to representation as a loyal State, Louisiana shall be allowed one delegate in Congress, chosen at the first election ordered herein. The delegate must have the same qualifications as a Governor, and shall have the rights and powers of the territorial representatives now here in the House.

Eleventh. All the laws now in force in Louisiana, consistent with this act and the laws of the United States, shall remain in force until repealed or modified; *Provided*, no person shall be competent to act as juror who is not an elector under this act. All expenses incident to the administration of a provisional government herein provided, is to be collected and paid, as now done for the support of the present government.

OBJECTION 1.

I'M TOO POOR; I CAN'T AFFORD IT.

ANSWER.

If you are too poor to save less than half a dollar per week, at from 20 to 35 years of age, or proportionately at other ages, and find it so difficult to do so—should you be taken away by death, how bitterly poverty will strike home to your widow and children, or those dependent on you! Is it not worth a struggle to avoid this, and give them at least $1,000 by paying so small a sum? *It costs just $2,00 per month to insure $1,000 at the age of 32 years.*

OBJECTION 2.

I've talked to several of my friends, and they all advise me to have nothing to do with it.

ANSWER.

Will your friends undertake to provide for those you leave behind, in case you do not live long enough to save money? Ask them, and be guided by their answer.

OBJECTION 3.

I can't make up my mind; call again.

ANSWER.

Your other objections have been answered. I appeal to your own common sense to answer this for yourself, aided by

THREE PRACTICAL REFLECTIONS.

FIRST.—Nothing is so uncertain as Life.

SECOND.—No provision is perfect that is contingent upon the duration of your Life, which is not immediate.

THIRD.—The only immediate provision is that provided by Life Insurance.

The Fall Session of this Institution closed 23rd. day of December. The Spring Session opened the 1st. Wednesday in January, and will continue 20 weeks.

The success of this school has been without a parallel. A new building has just been completed, by which a large additional number can be accommodated. We are determined to make our pupils as comfortable as they can be made anywhere, and to afford them all the advantages for a thorough and extensive education, that can be found at any First class Female College, North or South.

The location is a most delightful one. The Mineral Water is too well known to the whole country to need a remark. Even invalid young ladies may secure a thorough education, and at the same time the restoration of their health. Reference is made to every intelligent Physician in the State, as well as to the hundreds who have found relief here.

The young ladies all worship in the College Chapel, and hence no extra clothing is required. *In the single item of dress parents can save 25 per cent. of the entire expense incurred by sending to Boarding Schools located in cities or villages.* This Institution is certainly one of the cheapest and most easy of access in the Southern States. Besides, it offers the most superior advantages in every respect.

A PROPOSITION.

IN WHICH YOU ARE INTERESTED.

I PROPOSE for the protection of the citizens of Raleigh and surrounding country, against the imposition of those so-called Cost Stores, to furnish each and every person, the New York Cost of any goods they may want to buy; by this means they can tell whether they are buying goods at Cost or paying a profit on them.

Call before going to any of those Cost Stores so-called, and let me give you a memorandum of Cost prices.

Most of my large stock I will sell at cost but I have; goods that I will not sell in that way, and neither will those merchants who make such a flourish about selling at Cost.

No merchant in this place has purchased his Goods any cheaper than I bought mine. Any assertion to the contrary is false; and I will guarantee to sell Goods as low as any Cost House, All I ask is an opportunity to prove the truthfulness of this assertion.

AN INVALUABLE DISCOVERY,

BY WHICH

Water can be Turned into Money.

Truly has it been said, "That the riches of this world, lie buried in the bowels of the earth." The precious metals that are daily taken from thence, readily procure all the luxuries and comforts,—save, the great boon to the sick, Health—without which, life is a burden, and the millions of the Rothchilds' would fail to secure.

To females suffering from Leucorrhœa, (or Whites, as it is commonly called,) I, as a Physician of many years experience, would say, that you need not longer endure a miserable life of pains, aches and general debility, or weakness, the consequence of this deplorable disease.

All Physicians, of modern teaching, will admit the great difficulties in arresting this destroyer of health, for various reasons unnecessary to mention. Patients suffering therefrom will as readily agree, that medicines, however carefully prepared and used fail, in most instances, to afford relief; and in many, from long continuance, produce debility, thereby increasing the malady they were expected to relieve.

Deeming it a great privilege to be a public benefactor, and add to the comforts of the afflicted, by placing before them means of relief, I here give the history of a few cases of great interest that have fallen under my professional care.

Mrs. ———, a lady of the highest standing in the city of Charlotte, N. C., had been an incessant sufferer from Leucorrhœa for three years. Her cheeks were blanched, her skin always cold and almost transparent—in fact she seemed not to have a red corpuscle in her body. So weak was she, that it was with great difficulty she could ascend a flight of stairs, without feeling faint and exhausted. Palpitation of the heart, head-ache, and a dizziness in the head, besides excruciating pains in the back, together with a bearing-down sensation in the region of the womb, were constant and alarming. Notwithstanding they were but symptoms of extreme debility, induced or kept up by the never ceasing drain from her system. In this condition, every means at my command was used for her relief. Remedy after remedy was tried. Every means recommended by our modern authors proved worthless in her case. Hearing of the case of a servant, whom I had formerly treated, (belonging to Mr. Cross,) having been very much benefitted by this mineral water, I resolved, (without further inquiry,) as the last resort, to recommend to her its use. Anxious to be restored once more to health, she readily acceded to my proposition, and visited this well daily. Soon improvement was visible, and in the short space of three months her health was entirely restored. A living monument to the great curative virtues of this water.

The next case of great interest is that of the servant woman already spoken of. Seven years previous to the discovery of this well, Mr. Cross engaged my services in the care of this woman. I made most careful examination and searched out all of the particulars of her history. She had suffered for 18 years with Leucorrhœa, and being sorely afflicted therefrom, it was universally known in our community, that she was the martyr of the town. I found her with all of the distressing symptoms attending this malady, and could only afford her temporary relief. Time passed on, and still her afflictions did not abate. She abandoned all hope of recovery, and resolved to take no medicines, but to resign herself to the fate which seemed to await her. Her master just then having discovered this well, advised that she should drink freely of the water, as it might be of some benefit to her. Like a drowning man catching at straw, she tried it, and improvement was soon perceptible. Perseverance was crowned with success, and this day she is a strong and healthy woman, and can be seen at the residence of her former master, and will take great pleasure in relating, *in detail*, to any visitors, the history of her case.

Many other cases known to us, of equal interest, have been cured, and others are being daily benefitted.

It is to be regretted that the pecuniary embarrassments incident to the late war precludes the idea, of Mr. Cross' fitting up this valuable property, as a resort for invalids. Under these circumstances, the owner (Mr. George Cross, of Charlotte, N. C.,) is willing to dispose of his property at the very reasonable price of $10,000 in U. S. currency, and will communicate with any one either by letter or personally.

The plantation of 100 acres of fine and productive land is situated within one and a half miles of the city of Charlotte, N. C., immediately on the Wilmington, Charlotte and Rutherford Railroad. A fine residence, with modern improvements and conveniences, together with all necessary buildings attached, have just been completed, and to capitalists seeking investments no finer inducements could be offered.

The Great Southern Tonic,

AND THE MOST PALATABLE STOMACHIC EVER USED,

FOR THE CURE OF DYSPEPSIA, DISORDERED Digestion, Flatulency, Sluggish Circulation of the Blood, Bilious Complaints arising from a morbid condition of the Stomach and Bowels. An Elegant Tonic in debilitated states of the Digestive Organs, or of the system generally. For the loss of appetite it is the most wholesome and effectual Tonic in the world. It strengthens nature and enables the system to triumph over disease. In wakefulness attended with tremors and general nervous derangement, it is peculiarly adapted, giving strength and tone to the nerves. In delicate Ladies and Children it is invaluable—and in fact wherever a pleasant and agreeable Tonic is wanted, this should be used.

Dr. Johnston B. Jones, one of the most scientific and well known Physicians in the Southern States, testifies to its great value, besides many others who have been greatly benefited by the use of these Bitters.

The Louisiana Bill.

We give to day on the first page, the bill for the reconstruction of Louisiana, presented by Mr. Elliott, which passed the House on Tuesday last by a two-thirds vote. It is doubtless Radical enough to suit the views of the most ultra, yet it falls short doubtless of the wishes of the so called *loyalists* in this State.

If the policy of the dominant party is to be radical at all—if the people of the South are to be disfranchised at all, it would be bad policy to stop at the half-way house. If those who are to participate in the reconstruction, *must* be loyal men in the Radical sense, it is perfect nonsence to allow any one, white or black, to be a voter or hold office of any kind, who cannot conscientiously and heartily take the test oath of 1862.

The people in our estimation in the South whose honesty and reliability can be trusted, are those who were strictly and wholly Union before the war, during the war and since the war, and those who, whether Union or Secession before the war, honestly embraced the cause of the South and fought it out to the end. If real Union men shall allow a combination of the so-called Loyal Leaguers with them in the government of the States, they need look for nothing else, but continued clamor and disaffection. Let the government, if it is resolved upon reducing to slavery, as the bills before Congress plainly indicate, the honest and true Southern men, be sure to trust no counterfeit, so-called loyal brawler. They are simply seeking position, and it is capable almost of demonstration, that if the Confederacy had succeeded, they would have been the most loud mouthed Confederates.

Mr. Steven's Bill.

It will be seen that Mr. Steven's military bill, placing the States back to their condition at the time of the surrender, and, by consequence, nullifying all that the President has done in the matter of reconstruction, passed the House to day, after a strong effort by Mr. Stevens. The majority of course can do what they list, and it is very evident, they have the temper and the will to do it. Of course, if the bill passes, we can no longer speak of the South as a land of law and liberty. Any indications of either intemperate language or bitter denunciation under such circumstances, on the part of the South, is simply foolish. We must learn to profit by what we suffer.

Education in the State.

The suggestions of our correspondent, "*Senior*," on yesterday, and of Rev. Dr. Craven to-day, strike us as very suggestive and appropriate for the times. We suggested some time ago that we believed the true policy of the State, was to afford pecuniary aid regularly to the University and all our Colleges. Virginia does this as also do many of the States. When the State does this, then we think the proposition to place all our institutions conferring degress, under the oversight and strict surviellance of a Board of Regents, will greatly promote the cause of education and scholarship.

ENORMOUS TAXATION.—We have not examined the bill; but we learn, from members of the Legislature who are well informed on the subject, that the revenue or tax bill before that body, will raise some *five hundred thousand dollars more than will be needed for the next two years ending October*, 1868, *for the ordinary expenses of the State government!* Now, what is wanted with this large amount of money? Why should the people, in their present impoverished condition, be taxed to raise this large surplus? Is it not better that this money should be in the people's pockets than in the Treasury?—*Raleigh Standard.*

The above article escaped our attention when it appeared. The information it contains is erroneous, for which the informants of the *Standard* are responsible. We want no better evidence of their incompetency to judge of such matters, than the statement above. We pointed out the error, in our article on State Revenue yesterday. The real fear of gentlemen who do understand such matters is, that the bill now before the Senate, will not produce what is actually necessary for the ordinary expenditures of the State government and the appropriations already made. The bill itself only proposes to raise one hundred thousand surplus, which the Treasurer thought might be reduced, by the reduction both of the subjects of taxation and the tax which he had laid, and that the balance of the surplus would be consumed in additional or new appropriations.

We have had little time to examine the bill, but our impressions have been, that the Treasurer, while he properly fixes an *ad valorem* tax upon the *property* of the people, and increased the subjects of taxation too very properly, he over-estimated the value of the property of the State, and hence has perhaps fixed too small an *ad valorem* tax, to meet the necessary claims which will come upon him. The Treasurer has carefully avoided drawing more heavily upon the people than was really necessary. No one more heartily opposes, than he, unnecessary or burdensome taxation, beyond what he conceives is absolutely necessary to meet the proper demands upon the State.

The Lodges of the State, we observe, are adopting memorial resolutions in reference to the demise of Wm. T. Bain, the late Grand Secretary.

The Legislatures.

The Senate was engaged to day on the Revenue bill. The bill which excited most interest perhaps, was Mr. Berry's bill to issue treasury notes to meet the interest on the State Bonds.

In the House, the petition of the Memorial Association for $1500 for the uses of the cemetery backed up by a strong force of ladies in the gallery passed without opposition.

The bill authorizing the Western Railroad to extend its line across the N. C. Railroad, to the Virginia line, near Mt. Airy, was taken up to-day and passed its several readings, by a strong vote. This will give great satisfaction to the people of our North Western Counties, as well as to the friends of the Road on the entire route.

The completion of such a Road could not fail to be of vast importance to the interests of the State and the counties immediately interested. We hope to see Greensboro, High Point, Thomasville, and Salisbury, bidding strongly to secure the crossing. We think it is clear that the strongest subscription, other things being equal, should secure it. Col. Waugh has been active in securing its passage. He seldom fails at what he attempts, and we look for its passage.

Governor of Virginia.

Our Virginia neighbors are much exercised upon the subject of their new Governor. We do not recollect ever to have seen as many men, men too, of ability, suggested for one office before. There seems to be no lack of Governor timber in that State, but unfortunately most of it, if not all, falls below the standard of Mr. Stevens and others.

The people of this State have no hostility in their hearts to the Federal Government—the charge is false, by whomsoever made. They desire to live under one government, justly administered with due regard to the rights of all, black as well as white, taking the Constitution for a guide. They desire to renew Federal relations by having members in Congress to refute calumnies and place the people of the State in their true position before that body and the country, which is a constitutional right as they conceive.

The above extract, from the Statesville *American*, so far as we are able to judge, contains the truth, the whole truth and nothing but the truth.

For the Sentinel.

I notice in the *Standard* of the 5th inst., the proceedings of a meeting "held at Hillman's Mill, in Cabarrus, on the 26th of December."—These proceedings have this *imposing* heading, "Union Rally in Cabarrus." I would not notice so feeble a demonstration, were if not that people, in other parts of the State, might imagine that this meeting represented the sentiment of the Union men in the county. Such is not the fact. It only represents the most radical portion of the party—very few in numbers, at that. Besides, the meeting, instead of being held at the Court House, upon due notice, was held in an obscure part of the county, and many who attended were, no doubt, from Rowan. One of the committee, at least, was from Rowan. And of that committee, there was not one capable of writing those resolutions. The resolutions were "cut and dried" in town, and all the meeting had to do was to follow the lead of their radical dictator.

But the reputed author of the resolutions—and I undertake to say he is the author—has acted in this matter, it seems to me, with strange ingratitude. At the time he was penning the *remarkable* preamble to his resolutions, wherein he charges that President Johnson had "violated all his pledges and betrayed the Republican Union party," he had in his pocket, or in his possession, a pardon, from that same President Johnson, relieving him from the pains and penalties of treason. Why should not "treason" have been made "odious," in his case? He was a civil officer under the Confederate States government and, of course, took the usual oath of office. And, by the by, it was perhaps, the most odious of all offices, excepting alone the conscript office. Men of the *stripe* of this meeting are in the habit of calling all others, who do not agree with them, "disloyal," "latter day war saints," &c. I profess to be as loyal as any of them, and always as good a Union man. According to their test, few are loyal except "American citizens of African 'scent."

CABARRUS.

February 7th, 1867.

From Washington.

RUMORED CABINET CHANGE—PROGRESS OF READJUSTMENT—THE PROPOSITION AS IT NOW STANDS—HOWELL COBB.

[Special Dispatch to the Baltimore Sun.]

WASHINGTON, Feb. 10.—A partial reorganization of the cabinet is talked of in official circles. The probable retirement of Mr. Seward is mentioned. Mr. Adams, Minister, to England, is spoken of as his successor. The withdrawal of Mr Stanton from the cabinet is again revived, with General Grant as his successor, as Acting Secretary of War. In addition, it is expected that Mr. Stanton will be offered the mission to Russia, or probably the mission to Spain. It is understood that the members of the cabinet are unanimously opposed to the military government bill for the South now before the House.

The gentlemen who have been for several days engaged in efforts to bring about adjustment of the reconstruction differences between Congress and the Southern people upon the third section of the proposed amendment to the constitution are now energetically prosecuting their work with members of Congress. From present appearances it is not improbable that an adjustment of these differences will be accomplished by the middle of this week. As the matter now stands, it would appear that the Southern men propose to make all the concessions that are asked by a majority of Congressmen, save the adoption by themselves of the disability section in the form of an amendment to the constitution. It is understood they will give the negroes suffrage in such form as may be agreed upon by this majority in Congress, and they will be content with any legal enactment by Congress which shall disqualify the leaders in the rebellion from holding federal offices; they seek to be released from themselves embodying the third section in the form of a constitutional amendment. If this sole difficulty can be removed, all else demanded of the Southern States will be promptly adopted by them. It is understood that the President will approve such legislation looking to this end as may be adopted by Congress.

The statement that Howell Cobb has had anything to do with these movements, or was directly or indirectly consulted in the formation of the plan of the Southern Governors, published a few days ago, is utterly untrue.

NORTH CAROLINA LEGISLATURE.

SENATE.

THURSDAY MORNING, Feb. 14.

The Senate was called to order at 10 o'clock. Prayer by the Rev. Mr. Hudson, of the Methodist Church.

REPORTS OF COMMITTEES.

Mr. Wilson, from the committee on the Judiciary, a bill to amend an act for the relief of landlords, reported adversely.

Mr. Gash, from the committee on Claims, a resolution in favor of Edmond Bradford. Reported adversely.

Mr. Johnson, from the committee on Corporations, a bill to incorporate Charlotte Water Works Company; recommend its passage.

Mr. Wiggins, from the committee on Finance, a bill authorizing the Comptroller to employ a clerk. Recommend its passage.

Mr. Moore, from the committee on Corporations, a bill to incorporate the North Carolina Dental Association, proposed an amendment and recommend its passage. Also a bill to incorporate the North Carolina Land Emigration aid Company, proposes sundry amendments and recommend its passage.

BILLS.

Mr. Paschall a bill to consolidate the Chatham Rail Road & Western Rail Road Companies. Referred to the committee on Internal Improvements.

Mr. Hall, a bill to secure advances for agricultural purposes, referred to the Committee on the Judiciary.

On motion of Mr. Cardwell, the vote by which the bill to establish the County of Pamlico was rejected on yesterday, was re-considered.

The question recurring on the passage of the bill on its second reading, the ayes and nays were called and the vote stood ayes 20, nays 20. The Speaker voting in the negative, the bill was rejected.

A message was received from the House transmitting additional names for Justices of the Peace of the County of Stanly. On motion of Mr. Marshall, they were laid on the table.

A message was received from the House transmitting a memorial from the Ladies' Memorial Association of the city of Raleigh, asking aid to complete the Cemetery near this place, with a resolution providing for the payment of $1,500 for said purpose.

On motion of Mr. Cunningham, the rules were suspended and the resolution passed its several readings unanimously.

UNFINISHED BUSINESS.

Bill authorizing the issue of Treasury notes to pay the interest on the State debt, was taken up.

Mr. Berry stated that he desired to say a word or two in reply to the Senator from Pasquotank. He must express his surprise that the Senator should approve the bill under consideration, inasmuch as he had been a strong advocate for all relief measures, even to the suspension of the Courts. The bill under consideration, Mr. Berry believed would afford more substantial relief by restoring public confidence, than any bill which has been before the General Assembly, the stay-law not excepted. But, he said, the Senator makes a violent attack on the bill, and says it is not even the ghost of the original bill. Is this declaration sustained by facts? He defied the Senator to point out one important section in the bill that has been changed. One section has been annexed providing for a tax to meet the bills at maturity.—This amendment gives credit to the bill, and he gave notice when the bill was considered before, to the Finance Committee, that he intended to offer this amendment, and the slight amendment to the first and fourth sections only empowers the Treasurer to pay the bills out to all persons having audited claims against the State.

Secondly, he charges that the issuing of these bills increases the debt of the State one and a half millions of dollars. Is this declaration true?—So far from it, the issuing of these bills is simply to pay off existing liabilities, and will save to the State a half million of dollars in the way of interest before these bills are due. Again, Mr. Berry said, he says that the whole taxable property of the State is not over one hundred million of dollars. Is this declaration sustained by facts? The Public Treasurer, in his official report, estimates it at three hundred millions. The Senator has come in two hundred millions of the amount. Quite a mistake. Again, he urges another objection, that these notes will start at a depreciation of 20 or 30 per. cent. below gold and silver. If that be true, said Mr. Berry, these bills will be better than greenbacks 10 to 15 per cent. So we need not have any fear, if the Senator's position is correct. Again, he violently attacks the South Carolina Treasury bills, and says they are 20 or 30 per cent. below par. Has he given you the proof, or is this another declaration similar to those above. Mr. Berry said he had given proof that these bills circulated at par with national currency, and as an evidence of that fact, the holders of these bills have only to go to the Treasury Department and receive for them national currency, as provided in an act passed in September, 1866. The Senator had attacked the issuing of those bills on the ground that the Convention repudiated Treasury notes issued during the war. But this was done to comply with orders issued from Washington, and it was done under compulsion; but do you suppose any such requirement will now be made by the government?—Certainly not. And you cannot presume that your old mother, whose character for integrity and honesty, standing above suspicion, will so far degrade herself. Mr. Berry continued, Mr. Speaker, I think I have demonstrated that the declarations made by the Senator from Pasquotank are not sustained by the facts in the case. Other States have saved their credit by issuing bills of credit, why cannot North Carolina?—The State of Maryland was precisely in the same predicament of North Carolina. She owed fifteen millions of dollars, and her State bonds were down to 40 cents in the dollar. She passed an act authorizing the issue of bills of credit. Her bonds soon rose to par, and why should not the same policy produce the same effect in North Carolina.

Mr. Speed replied at some length, but his remarks would so extend our report, we are obliged to defer them until to-morrow.

The question recurring on the passage of the bill on its second reading, the yeas and nays were called and the bill was rejected by a vote of 27 to 15.

Leave of absence was granted Messrs. Speaker and Hall for several days.

A message was received from the House proposing to increase the committee on Federal Relations to five on the part of the House. Not agreed to.

Mr. Cowles introduced a resolution providing that the Senate and House meet in joint Convention on to-morrow at 12 o'clock to consider the affairs of the Union. On motion of Mr. Hall, it was amended by inserting Wednesday next. On motion of Mr. Leach, it was laid on the table for the present.

SPECIAL ORDER.

Bill to raise revenue was taken up read by sections, sundry amendments were adopted, pending its consideration the Senate adjourned, on motion of Mr. Wiggins.

HOUSE OF COMMONS.

THURSDAY, Feb. 14.

The House was called to order at 10 o'clock A. M.

Mr. Harper, from the committee on Finance, reported a bill to authorize the consolidation of the securities of the State, held by the Literary Board, and for other purposes. Passed first reading.

By Mr. Wilson, of Forsyth, a resolution in favor of Mary M. Transom.

By Mr. Jenkins, of Gaston, a resolution in favor of J. L. Withers and James H. White.

By Mr. Lowe, a resolution instructing the committee on adjournment to report on or before the 15th inst. Adopted.

By Mr. Foard, a bill to amend the charter of Olin High School.

By Mr. Horton, of Watauga, a bill to provide for keeping up a public road near Sampson mountain.

By Mr. Russ, a resolution that the Judiciary committee enquire and report as to the compensation that should be allowed the Attorney General for investigating the affairs of the Cape Fear Navigation Company. Adopted.

ON CALENDAR.

A bill to regulate taxation by the County Courts, passed second and third readings under a suspension of the rules.

A resolution relative to weights and measures, passed second and third readings.

Bills, to amend the charter of the Greenville and French Broad Railroad Company; to appoint a tax collector for the county of Martin; to abolish imprisonment for debt, and to protect Executors and Administrators were laid on the table on second readings.

SPECIAL ORDER.

A bill to enable the Western Railroad Company to extend its line across the N. C. Railroad to the Virginia line near Mt. Airy.

Mr. Waugh addressed the House in support of the bill.

The bill then passed its second reading.

CALENDAR RESUMED.

A bill to give Buncombe Superior Court, exclusive jurisdiction of Buncombe Turnpike Road, was discussed and laid on the table. A bill to amend the charter of the town of Hendersonville, was amended, and then passed 2nd and 3rd readings.

SPECIAL ORDER NO. 2.

A bill to establish a Penitentiary, on second reading.

Mr. Hutchison offered a substitute for the bill. This substitute differs from the original bill in that it provides for raising $25,000 annually by taxing spirituous liquors foreign and domestic, dirks, pistols, bowie knives, playing cards and other luxuries—the amount so raised to be appropriated to the erection of Penitentiary buildings. It also provides for the appointment of three commissioners to visit Northern prisons with a view to ascertaining the best mode for constructing the Penitentiary.)

Mr. McKay, moved to substitute for the bill and substitute, a bill on the calendar, authorizing the courts to sentence criminals to work on the public roads.

Mr. Dargan opposed the bill. He deemed the Penitentiary system impolitic, and adverted to to the ill working of the system in the Southern States, where few convicts were mechanics. He was opposed to it also because of the impoverished condition of the people. He moved an indefinite postponement of the bill.

Messrs. Hodnett and Guess favored the establishment of a Penitentiary and opposed the motion to postpone indefinitely.

Messrs. Freeman, Kelsey and Bowe favored submitting the question of Penitentiary or no Penitentiary to a vote of the people.

Mr. Allen opposed the bill, and favored the substitute proposed by Mr. McKay.

Mr. Long said, substantially, that without discussing, he should, if the question came to a direct vote, support the bill in deference to the wishes of his constituents.

Mr. Hutchison addressed the House at length in support of the bill arguing the necessity of a Penitentiary under the changed condition of public affairs, resulting from the war, the emancipation of slaves, &c. He defended the system as the best that could be devised for the punishment and prevention of crime. He stated that a Penitentiary adequate to the imprisonment of 1000 criminals could be built at the cost of $150,000.

Mr. Dargan replied, asserting that the Penitentiaries in Tennessee and Georgia had been burthensome to the people of those States. He was opposed to this measure for the further reason that it would bring the products of convict labor into competition with honest mechanics.

Mr. Durham thought the House should postpone action, until the Penitentiary bill, pending in the Senate, has been acted on. He moved therefore that the bill be laid on the table.

This motion prevailed.

YEAS.—Messrs. Allen, Ashworth, Autry, Barden, Black, Blythe, Bowe, Bradsher, Brown, Bryson, Carson, Clements, Collins, Crawford, of Macon, Dargan, Durham, Freeman, Galloway, Gambril, Gorham, Granberry, Harding, Henderson, Holderby, Horton, of Wilkes, Jenkins, of G., Latham, of Craven, Lyon, Lutterloh, May, McArthur, McKay, McRae, Moore, of Chatham, Morehead, Morton, Murrill, Perry, of Carteret, Richardson, Rogers, Russ, Scoggin, Shelton, Simpson, Stone, Sudderth, Trull, Turnbull, Vestal, Walker, Waugh, Whitfield, Whitley, Wilson of Perquimans, Williams, of Harnett, Williams, of Martin, Womble, and York—58.

NAYS.—Messrs. Blair, Chadwick, Cowan, Crawford, of Rowan, Daniel, Davidson, Foard, Garrett, Garris, Godwin, Guess, Harper, Henry, Hinnant, Hodnett, Horton, of Watauga, Houston, Hutchison, Jones, Jordan, Kelsey, Kenan, Kendall, Lee, Long, Lowe, Martin, McClammy, McGougan, McNair, Moore, of Hertford, Neal, Patton, Perry, of Wake, Reinhardt, Rosebro, Scott, Smith, of Duplin, Smith, of Guilford, Stevenson, Teague, Umsted, Westmoreland, Wilson, of Forsyth, Williams, of Yancey, and Woodard—46.

Mr. Russ presented a memorial accompanied by a resolution in favor of the Ladies Memorial Association of Wake county, [appropriating $1500, to aid said Association in improving their cemetery for the burial of Confederate soldiers near this city.]

On presenting the resolution, Mr. Russ said: Mr. Speaker:—Ijhave had the honor to present the memorial from the patriotic ladies of this city, and feel confident that the resolution will meet with no opposition upon this floor. I feel, sir, that justice to the living, as well as to the dead, demand at our hands the small pittance asked.

I should feel unworthy to represent such constituents, were I to withold my cordial approval and sanction of the objects and aims of this association. By voting for the resolutions, gentlemen, you will be cheered by the smiles, honored by the blessings, and invigorated by the prayers of those fair and etherial visitors, who have honored us by their presence, and when you leave here and return to your homes, and the bosoms of your families, you will hear the plaudit, "Well done thou good and faithful servant." It will cheer and make glad the hearts of your mothers and sisters, to know that you have thus contributed, in all time, to preserve and designate the last resting place of those that were near and dear to them.

I therefore ask, Mr. Speaker, for the suspension of the rules that the resolution may be put upon its several readings.

Mr. Dargan also addressed the House in support of the resolution.

The rules were suspended and the resolution passed *unanimously*.

Mr. McKay introduced a resolution asking an early report from the committee on Federal Relations. Laid on the table on motion of Mr. McNair.

Sundry private engrossed bills of incorporation, had their first reading and the House then adjourned.

Translated for the Sentinel.

The Latest Fashion.

PARIS, Jan. 19.

Crinoline is decidedly dethroned. The hoop-petticoat gives place to *fourreaux*, which recalls the costumes of the first empire.

This new fashion has, like all others, its singular necessities, one of which I scarcely know how to describe to you, fair readers, who wish to know everything. You understand very well that this robe which descends from the waist gradually diminishing without a single fold, must necessarily shape itself upon the body and show its form. Now the question is, how to act when there is nothing to shape! It was a serious embarrassment for the seamstress, as the robe necessarily failed to fit. Upon the clocks representing events of the first empire, many of which are still found upon the mantle pieces, you cannot have failed to observe that Fame, dressed in a tunic and with wings, standing one foot in the air and sounding a trumpet, has, generally, an abdomen exceedingly well developed. Such an abdomen was an imperious necessity of the Greek costume. In order to wear a close fitting petticoat, an abdomen is absolutely necessary. Now, when a lady has none! Well, when she has none—she *orders* one.

This is the secret which it is important you should know; for how can a lady wear new robes if she has not—what is essential in order to don them? and if the seamtress is ignorant of those precious resources of art—which is divine in its nature, and which nothing can limit, as has been told you! Hence, as we have already false breasts, false legs, false water-falls, false teeth, false colors, false eye-brows, false everything you may desire, it is certainly necessary to supply the defects of nature; and does not the beau ideal of art, according to a certain school, consist in that? Indeed, I must confess that this innovation, which addresses itself more particularly to young women, is not without frightening certain timid natures, at the first blush, at least. Ladies hesitate a little the first time, to demand the necessary appendage. Happily the seamtresses and milliners come quickly in aid of the timidity of their young customers with the irresistible argument, "we must do like all the world does," and "Madame ——— wears such an one."—Now, from the moment Madame ——— has one, there is no good reason why you should not have one also. I know, however, a certain young lady who, not being sufficiently bold, went and confessed her scruples to her confessor, not without blushing a good deal, as you may suppose. I confess I should have been much embarrassed in the place of the Priest, but he is a man of spirit and has moreover, much experience in cases of conscience. After having regarded a moment the confusion of his young penitente—confusion which rendered her still more charming, "Madame, said he to her, you known what my opinion is in regard to profane matters, about which I know no great deal, which is, that we should not affect singularity; certain it is, you have no need of that ornament in order to please the Lord; but God himself wills that we should have regard for the opinions of our neighbors. No one can blame you for following the fashion. By acting otherwise, you might subject yourself to the imputation of wishing to criticise others, which would be a sinful pride. Do then as does the world." That conclusion was precisely that of the seamstress. The young woman satisfied and reassured, went and had the necessary measures taken. There she is, then, at peace with heaven and with fashion. What more could she desire? You can profit by that example if you think proper.

CRINOLA.

To the General Assembly of North Carolina.

THE UNIVERSITY AND THE COLLEGES.

It is to be hoped that it is not too late in the session, to consider the importance and present propriety of additional legislation, in reference to the Collegiate system of the State, in the following particulars, viz:—

1. The appointment of a Board of Regents, to be composed of such number of members, and to hold office for such time as the Legislature may enact, to have charge and general oversight of Collegiate education, and all Institutions that confer Literary Degrees, or other marks of honor.

2. Said Board to hold an annual meeting in the city of Raleigh, and from time to time to declare the acquirements and conditions requisite to graduation and other degrees.

3. Said Board to decide what Faculties or departments of instruction, shall be maintained in the University and the Colleges, and if any shall refuse or be unable to fulfil the requirement, it shall cease to have Collegiate privileges.

4. Said Board, or a part thereof, annually to visit all the Institutions in their charge, with power to require such reports, and to make such examinations as shall enable them to ascertain whether the University and th Colleges are executing the law and maintaining the established standard; and any Institution that may fail thus to do, shall forfeit the power to confer degrees.

Several advantages of such a system will be readily perceived. By the annual report of the Regents, the public will know what Institutions are worthy of patronage, and the comparative merit of different establishments will not be estimated by the inclination of boys, the prejudices of caste, denominational bigotry, political interests, or newspaper puffs. Such a Board would establish some uniformity in the value of credentials, and A B, or A M, would signify something more than a decree of the University or Trinity. The influence would be invigorating and healthful upon all, moving them onward to greater efficiency and usefulness, or quickly driving them from the field. Few things can damage the public tone and spirit more, than an Institution conferring degrees, without possessing the scholarship, discipline, morals and culture appropriate to the age. A Board of Regents is a fair and adequate remedy for existing evils, if there are any, and an unexceptionable means of improvement desired, we may presume, by all. If the State cannot give pecuniary aid to the Colleges, they may surely have the benefit of wholesome legislation, that will cost no money, and that will throw all improper influences from the lists of competition, and will compel all to stand upon merit, thereby benefitting both the Institutions themselves and the public.

They are about cutting a canal in California that will irrigate over a million acres of wasted land in several counties in that State. The canal will not only furnish a supply of water for the land, but will serve also as a highway for carrying the products of the land to the San Francisco market.

IMPORTANT TO FARMERS.

OUR Mr. Williamson will leave for Baltimore on Monday 4th. of February to purchase *Guano* and *Bacon* and other supplies, that our Farmers will need to make a crop. Parties interested will find it to their interest to call on him before that time.

SCHOOLS IN NORTH AND SOUTH CAROLINA,

FOR THE

Orphans of Confederate Soldiers,

REFERENCES:

"COLUMBIA, Oct. 19, 1866.

MISS M. A. BUIE, SO FAVORABLY KNOWN during the war as the "Soldier's Friend," is engaged in the attempt to found a School for the orphan children of Southern Soldiers. She proposes that contributions for this purpose should be placed in the hands of some gentlemen of this State, to be appointed by the Governor, and that the School shall be located in some desirable portion of the South. I commend this laudable undertaking to all charitable persons, and I wish that the amplest success may reward the patriotic efforts of Miss Buie.

WADE HAMPTON."

"I concur with Gen. Hampton in commending the benevolent enterprise of Miss Buie to the favor and patronage of the generous, liberal and philanthropic. Her life thus far has been devoted to acts of kindness and charity, and she merits success in her undertaking.

J. L. ORR, *Governor.*"

"STATE OF SOUTH CAROLINA, EXECUTIVE DEPARTMENT, COLUMBIA, October 26, 1866.

MISS BUIE:—I approve of your suggestion to appoint Mr. D. L. McKay, of Charleston, as Treasurer, to receive the funds and hold them for the Female School you are interesting yourself to establish for the education of orphan girls. He is a gentleman of high character, gr at moral worth, and enjoys the confidence of the public.

Very respectfully, your obedient servant,
J. L. ORR.

Mr. McKay accepts the office. All funds sent to South Carolina must be sent to him.

MARY ANN BUIE.

"THE PEOPLE'S NATIONAL BANK,
Charleston, S. C., Jan. 8, 1867.

Dear Miss Buie:—It will afford me much pleasure to serve as Treasurer of the School in Columbia, S. C. for educating Soldiers' Orphans. You have my best wishes in the undertaking. With regard and esteem,

Yours truly,
D. L. McKAY,
President People's National Bank."

Miss Buie begs the co-operation of all persons to aid her in this enterprise to educate and make good and useful thousands. All donations must be paid to the Treasurers appointed by the two Governors.—Gov. Worth says:

"You may rely on my co-operation. You ask me to appoint some suitable persons as Treasurers. I suggest Geo. W. Mordecai, of Raleigh; Wm. A. Wright of Wilmington; Philip A. Wiley, of Fayetteville; John D. Whitford, Newberne; Jesse H Lindsay, Greensboro; D. A. Davis, Salisbury; I. G. Lash, Salem; R. F. Swinston, Statesville; L. W. Dewry, Charlotte; Gen. Robert Vance, Asheville. If other names are desired in other localities, I will designate them. May you be successful in this, the noblest charity in the use of the benevolence to which you have devoted your life.

Yours very respectfully and truly,
JONATHAN WORTH,
Feb 9-157-tf *Governor of North Carolina.*

THE SENTINEL.

Thursday Evening, Feb. 14, 1867.

LOCAL DEPARTMENT.

NEW ADVERTISEMENTS.—J. M. Towle's auction sales on Saturday, are postponed to Monday of Court week.

Pulliam, Jones & Co., want manufactured Tobacco, and solicit orders for Guano and Phosphate.

Two young ladies want situations as Teachers.

R. C. Badger, Esq., offers a house and lot for rent or sale.

J. Brown offers glass ware.

Mitchell, Allen & Co., of Newbern, have a full supply of Builder's Material.

FIRE AT MOREHEAD CITY.—A fire occurred at Morehead City, on the 12th inst. destroying the warehouse and store of Mr. Wood, a German, and three other smaller houses. The Macan House was in danger and saved by the exertions of citizens, whom Capt. Hall thanks in a card in the Newbern *Commercial*.

DEAD.—We regret to learn that Mr. Pate, of Wilson, who was shot by mistake in the melee with the blacks, on Sunday night last, in that place, died from his wounds on Monday night.

ESCAPE.—One of the hands of the Steamer A. P. Hurt, of Fayetteville, fell overboard on the approach of the Steamer to the wharf, at Wilmington, on Monday night, and was with difficulty saved.

NEW JUDGES.—Our readers are aware that the Legislature recently passed bills establishing special Criminal Courts for the counties of Craven and New Hanover. It has since elected George Green, Esq., Judge of the Court in Craven and Col. O. P. Meares, Judge of the Court in New Hanover. These are excellent appointments, and no doubt meet the expectations and wishes of the people of those counties. If so, the complaint of a paper of this city, is out of place.

We think the people of this city will find it necessary, to apply for a similar Court in this county.

SHIPPING COTTON.—The Wilmington Railroad has formed such connections with the Seaboard and Roanoke Road and the Annamesix route, and have made arrangements accordingly, as to afford the best facilities for shipping cotton from that section by that route. The N. C. and Raleigh and Gaston Railroad, have had such an arrangement in operation for months.

We observe that an attempt was made to rob, on the premises of A. A. Willard, Esq., of Wilmington, a few nights ago, which, fortunately, was discovered and defeated.

GOOD EXAMPLES.—The Charlotte *Democrat* alludes very properly to the general disinclination among educated young men, to become practical farmers. Most of them look to other professions. This is a great error. As a *stimulus* to our young men, it mentions the following example:

For the sake of example, we will mention two instances where young men, whose parents were wealthy before the war, (and who are yet in good circumstances,) have gone to work like men, and are now carrying on farms. Three or four sons of Gov. Graham are working farms in this section and putting their own hands to the plow. We are not personally acquainted with either of them, but we are informed by those who are, that they are industrious, hard-working gentlemen. Then there are the sons of A. Brevard Davidson, who was worth a half million of dollars, as good farmers, and as hard-working young men as can be found anywhere. It does a man good to see their farms and the energy displayed in their management.

For the Sentinel.

The friends of the Ladies Memorial Association of the County of Wake, will be pleased to learn that the grounds given by Henry Mordecai, Esq., are nearly enclosed, and arranged according to a plan adopted by the Association; and that in eight or ten days they will be ready to receive the remains of our Confederate dead.

The Association hopes every lady in Raleigh and Wake County, will feel it to be a sacred pleasure and honored privilege, to aid in decorating the *Cemetery* so that hereafter it may be said to their praise, that every lady in the County and hundreds of little girls, are represented by some shrub, rose or flower, planted by their own hands.

They also *expect*, and *will rely* upon the young men in the city and country, to assist in the disinterment, and burial of their late comrades in arms.

Owing to the peculiar nature of the grounds, a large amount of their funds has been expended in the removal of stumps, grading and draining,—and it will require $2,500 to perfect their design.

The universal amount of suffering among the poor in this city and vicinity has caused a liberal expenditure of their means, and large contributions from their immediate friends. They are therefore, constrained to appeal to all who have not contributed to aid them in their labor of love, and they call upon their friends in the *Legislature* to secure the passage of a resolution authorizing the State Treasurer to honor their draft for fifteen hundred dollars, to aid in paying for the monument.*

PLAN.

There are between 750 and 800 to be buried in their cemetery. They represent nearly every county in the State. Their names and register will be alphabetically arranged and numbered, and corresponding numbers will be placed on a square capped post, to be placed at the head of each grave. There are 170 whose names are unknown, they will be buried under two or more mounds, surmounted with a cannon reversed, *if allowed*. At each angle of the cemetery will be a thatched summer house, of hexagon or octagon shape, arranged with seats, of gothic finish, and surmounted with a cross. An osage orange hedge will be planted next the fence, and a flower bed along the borders. The monument, mounds, graves and summer houses will be approached by winding gravelled walks, neatly turfed and leading from the centre mound.

P. S.—They need 10 hands daily for several weeks, and their friends will be called upon for laborers by *Superintendent Watson*, who will hire hands for any who wish to assist, at 75 cts. per day. P.

*Since the above was written, both Houses have voted the amount asked for.

Our Thursday Morning Dispatches.

Congress—Stevens' Bill Passed.

WASHINGTON, Feb. 13.

In the House, Stevens' bill came up. Mr. Stevens moved the previous question which was negatived. He proposed an amendment, which on objection being made, he withdrew, saying that he had tried vainly to satisfy gentlemen around him.

Mr. Boutwell argued that the Supreme Court might decide that the States were still States and entitled to representation, which would cause a hazardous conflict. But if the bill passed, the Supreme Court would have no government to reorganize. Congress would keep in its own hands the political reorganization of these States by passing the bill.

At two o'clock Mr. Stevens again moved the previous question. Negatived.

Mr. Bingham spoke in opposition, and took occasion to highly eulogize Elliot's bill.

Mr. Blaine moved the previous question to refer the bill to the Judiciary Committee. Seconded.

Mr. Stevens spoke half an hour. He complained pathetically, defended the reconstruction committee, abused Bingham, and opposed Elliot's bill because it mentioned something to be done which looked like a finality leading to admission.

This position was greeted with "No! No!"

Mr. Shellabarger explained that there was a special provision in Eliot's bill requiring the assent of Congress to the proposed admission.

Mr. Stevens seemed to be regaining his lost power.

The main question was taken on Blaine's motion to refer to the Judiciary Committee, which was lost by two votes. The Democrats generally voted with Blaine.

The bill then passed by a vote of 109 to 50.

Stevens exulting over the final success of his bill, asked the Speaker if it was in order for him to endorse the declaration of good old Lazertes, that "Heaven yet ruled, and that there were Gods above."

Stevens' bill as passed, reads "so called Confederate States," instead of "so called States."

In the Senate, Mr. Pomeroy presented a petition from Arkansas loyalists asking that Elliot's bill be so amended as to include Arkansas.

Mr. Wade moved to take up Elliot's House bill, hoping that Senators would be brief in their arguments.

Mr. Lane asked to proceed with the regular business.

Mr. Wade said that if the bill was not acted on immediately, it could not become a law this session.

The Chair decided that the bill could be read once, but it required unanimous consent to go further. The vote was taken, and it was agreed to read, by a a vote of 23 to 19. The bill was read.

Mr. Hendricks objected to further proceedings. It lays over.

The Military committee was discharged from the further consideration of the bill to pay the Tennessee Home Guards.

Mr. Wade read a dispatch from a Colorado mass meeting, requesting admission.

The Steamer Cuyler—Negro Clerk in the Treasury Department.

WASHINGTON, Feb. 13.

The steamer Cuyler, recently seized at New York, will be permitted to sail on the owners giving bond to twice the value of the vessel.—She is claimed by Colombia as a war vessel and is manned by Confederates. The Colombia Minister is trying to get better terms.

A negro has been appointed to a first class clerkship in the Treasury Department, and a desk was assigned him to-day.

A FEW WORDS TO MY FRIENDS AND CUSTOMERS.

I advertised in the early part of the season that I would sell goods as cheap, as Yankee, Jew or Gentile, Cost Houses not excepted—as cheap as he who had paid for his goods, or ever intended to pay for them. And I here take the privilege to say, that I think my customers will bear me out when I say, I have done so in almost every instance.

I told the people to "come to Creech's," to buy their goods—they have come, and they are still coming—and I think they will par-don me when I say they have shown their good judgment.

I now tell them to "come to Creech's" to buy their goods.

I don't advertise my goods at New York Cost.—I intend to represent my goods to you in a fair and equitable way, and sell them fully as cheap as any so-called Cost House. And I here say to the so-called cost gentlemen, if they paid what they charge their customers for goods, I advise them to go back to the License man and surrender their license. Go back to your Land-lords and ask them to take back your houses,—and proclaim to the world that you have missed your calling, and are not fit for merchants.

I compromised my debts that I owed North before the war, by paying them at one hundred cents in the dollar.

Let them start their opposition—let them all talk. But "come to Creech's," to buy your goods. You will find me at R. Smith's corner, ready and willing at all times to serve you right.

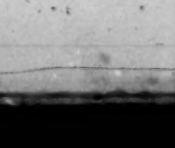
AYER'S AGUE CURE,



For the speedy and certain Cure of Intermittent Fever, or Chills and Fever, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers caused, for the whole class of diseases originating in biliary derangement, caused by the malaria of miasmatic countries.

This remedy has rarely failed to cure the severest cases of Chills and Fever, and it has this great advantage over other Ague medicines, that it subdues the complaint without injury to the patient. It contains no quinine or other deleterious substance, nor does it produce quinism or any injurious effect whatever. PERUVIAN GUANO SUBSTITUTE!

BAUGH'S

RAW BONE SUPER-PHOSPHATE OF LIME.

Manufactured under the formula originated in 1854 and patented by

BAUGH & SONS,

SOLE PROPRIETORS, AT THE

Delaware River Chemical Works,

PHILADELPHIA, U. S. A.

This old established MANURE is manufactured from Bones that have not been burned or steamed, and it contains all their original organic matter. It is active in its operation, and is a fertilizer of great durability. It does not exhaust the soil like Peruvian Guano, but on the contrary permanently improves it.

Previous to 1861 it was introduced into the Southern States to considerable extent, and again in 1865, where it has been used with remarkable success upon

Cotton, Corn, Tobacco, and all Crops.

A trial will convince any planter of its merits.—Pamphlets containing well-known Southern evidence furnished upon application to New York or Philadelphia offices.

☞ Sold by Dealers in all the principal cities and towns throughout the United States and British Provinces.

FERTILIZERS FOR SPRING CROPS.

WE beg to inform the trade and planters of North Carolina and Virginia, that we are prepared to furnish them with the most approved FERTILIZERS, on the most accommodating terms. We will have a stock of genuine PERUVIAN GUANO, purchased direct from the Agent of the Peruvian Government.

We have now in store, for immediate delivery, 325 tons BRADLEY'S SUPER PHOSPHATE OF LIME, which won for itself such an enviable reputation in the Cotton and Tobacco counties of North Carolina and Virginia, last season, proving itself equal, and in many important respects, superior to the Peruvian Guano. We give an analysis of it as ascertained by Dr. Hayes, one of the most eminent Chemists in the country:

Results of Analyses Made of Bradley's Patent Super-Phosphate of Lime, as now sold by Wm. L. Bradley.

100 Parts Consist Of	
Moisture	5.30
Prepared animal matter, salts of Ammonia, fatty substances and Humus	28.50
Bone Phosphates of Lime, Magnesia and Iron	36.10
(Soluble Phosphates of do. 16 6-10.)	
Sulphate of Lime	18.50
Salts	20
Insoluble	2.60
	99.90

The animal matter afforded 4 2-10 parts of Ammonia when it was decomposed, and, as will be seen, nearly one-half of the Bone Phosphate is soluble.

After many analyses of your Super-Phosphate of Lime, made during the last few months, I have found your standard of quality full equal to that of any you have ever sold in former years; and I am satisfied that you include the correct principles in the manufacture. Respectfully,

A. A. HAYES, M. D., State Assayer.

We refer to the following gentlemen who tested its merits last season:

HILLSBORO' MILITARY ACADEMY.

THIS well known and popular Institution is once more in successful operation, and is prepared for the reception of Cadets at any time.—It is under the direction of

GEN. R. E. COLSTON,

a graduate, and for fifteen years, (up to the commencement of the war) a

Professor of the Virginia
MILITARY INSTITUTE,

and a colleague of

STONEWALL JACKSON.

The course of the Institution is that of the Virginia Military Institute, and is such as to make the Academy a great

POLYTECHNIC SCHOOL.

A school of theoretical and applied science, in which Languages and Literature also receive a due share of attention. The discipline and instructions are on a

Complete Military Basis.

The Faculty is for the present organized as follows:

Superintendent and Professor of Military History, Strategy and Political Economy, and Instructor of Infantry and Cavalry tactics, GEN. R. E. COLSTON, late Professor of French, and of Military History, Strategy and Political Economy at the Virginia Military Institute, and late Brig. General C. S. A.

Until the appointment of additional Professors, Gen. Colston takes charge of the Department of French and English studies and Belles Lettres.

Professor of Natural and Experimental Philosophy, Ordnance, Gunnery and instructor of Artillery tactics, Major D. TRUEHEART, Graduate of the Virginia Military Institute in 1850—afterwards Assistant Professor of the Va. Military Institute—attached to the United States Coast Survey—late Major and Chief of Artillery in the C. S. Army.

Professor of Mathematics, Civil and Military Engineering, Architecture, Topographical and Industrial Drawing, and Assistant Instructor of Infantry tactics, Maj. W. A. OBENCHAIN, "first distinguished Graduate," of his Class in the Virginia Military Institute, and for efficient and meritorious services during the war, promoted Captain of Engineers in the late C. S. Army

Professor of Chemistry, Agricultural Chemistry, Geology and Mineralogy, Col. LEWELLYN HOXTON, "Distinguished graduate" of West Point Military Academy, and late Chief of Artillery to Hardee's Corps.

Professor of Latin, French, Ethics and Belles Lettres, to be appointed shortly.

Surgeons Drs. E. & W. S. STRUDWICK.

New appointments will be made, and the Chairs now filled will be subdivided as soon as the number of Cadets makes it desirable.

Applicants for Professorships must be gentlemen of Scientific and Military education, who have served in the field.

Candidates for admission as Cadets are advised to come without delay. Until the 1st. of February next, all those Cadets present at the Academy, will be pushed forward in their studies irrespective of classes, so as to enable them, at that time, to enter the most advanced classes for which they may be found qualified.

By coming at once they may gain an entire year in the term of their education.

For circulars and any other information apply to

CONSISTING OF A LARGE

BRICK FLOURING MILL,

WITH ALL THE NECESSARY MACHINERY.

A Circular Saw-Mill and Machinery, Dwelling House and Out Houses, Bridge 240 Feet Long Across Haw River, with about

40 ACRES EXCELLENT LAND.

The Water Power at present improved is sufficient for a large Factory, and the most valuable power is yet unimproved. This property is only two and a half miles from the North Carolina Central Rail Road Shops, and midway between Charlotte and Goldsboro'. It is a valuable location for a Cotton Factory, and one of the cheapest markets for purchasing cotton.

Purchasers are invited to examine the property which they can do by stopping at the Company Shops.

Only one tenth of the purchase money will be required in cash.

LIFE INSURANCE.

MANY insure their lives because they see the folly of neglecting to do so. Many who do not insure argue that it is folly to insure. Which is right? If those who do not insure can cite instances of the harm done by a policy of life Insurance, if they can point out men who have lost $5,000 to $100,000 by Life Insurance, then upon proof of same, we must believe them. Hundreds of instances can readily be shown where parties have been benefitted to this extent.—In North Carolina there are some Widows and Children ready to testify to the good resulting from a life Insurance on their only earthly dependence.

The "Ætna Life Co., in loosing $23,000 the past year has relieved want—and now with over $4,000,000 of assets—offers sure protection to all those who will avail themselves of her liberal terms, by calling on

1867. "THE WORLD" 1867.

THE ATTENTION OF THE PUBLIC IS INVITED to the claims of **"THE WORLD"** as one of the leading public journals of the country. It is the chief organ of the Democratic Party of the United States, and the foremost advocate of the immediate restoration of the Union. Its highest merit consists in its character as

An enterprising and Trustworthy Newspaper.

The next year bids fair to be a more critical one in the history of our free institutions, than even any of the eventful ones that have preceded it. The first requisite for an intelligent judgment of public affairs is a full and authentic account of facts as they transpire. These THE WORLD always aims to give with conscientious accuracy, and with equal fullness and fidelity, whether they make for or against its own views of public policy. Prompt activity in spreading before its readers every kind of news in which any part of the public takes an interest, is the first duty of a newspaper, and the facilities of THE WORLD for discharging this obligation are unsurpassed by those of any journal in the United States. Whatever else it may fail in, it certainly will not fail to furnish the news, nor to supply it with such promptitude, spirit, freshness, abundance, variety, accuracy, and candor, that no class of readers can miss anything of interest which they wish to find. THE WORLD will publish documents and arguments prepared by political foes just as freely as those prepared by political friends; making its own comments on them, of course, but never suppressing or garbling them because they are calculated to damage its own party. Adverse arguments which it cannot refute, it is content to leave to make their full impression. THE WORLD adopts this rule because it believes no other is honest; because it conceives that its first duty to its readers is to keep them thoroughly informed on every passing subject of importance.
